SUBJECT: REVIEW OF THE NOTIFICATION OF PLANNED DISBURSEMENTS FROM
THE MILLSTONE POWER STATION, UNIT NO. 1, DECOMMISSIONING
TRUST FUND (TAC NO. MB6320)

Dear Mr. Price:

In a letter dated September 12, 2002, Dominion Nuclear Connecticut, Inc. notified the United States Nuclear Regulatory Commission of its intention to withdraw \$55 million from its Millstone Power Station, Unit No. 1, Decommissioning Trust Fund. This action is required under License Condition 2.C.(6)(c) of Facility Operating License No. DPR-21 issued to Dominion Nuclear Connecticut, Inc., which states that the Director of the Office of Nuclear Reactor Regulation shall be given thirty days prior written notice before making disbursements from the Millstone Unit No. 1, Decommissioning Trust Fund. The September 12, 2002, letter constituted the thirty-day prior written notice for License Condition 2.C.(6)(c), as well as Section 4.01 of the Trust Agreement.

In accordance with 10 CFR 50.82, a site specific decommissioning plan for Millstone 1 has been previously filed with the NRC. The staff finds that the descriptions of the planned decommissioning activities to be financed with the \$55 million withdrawal as stated in the September 12, 2002, letter, fall within the scope of required decommissioning activities to radiologically decontaminate Millstone 1. Therefore, the staff finds no objection to the withdrawal of \$55 million from the Millstone Power Station, Unit No. 1, Decommissioning Trust Fund for use as stated in the September 12, 2002, letter.

Sincerely,

/RA/

John B. Hickman, Project Manager, Section 2
Project Directorate IV
Division of Licensing Project Management
Office of Nuclear Reactor Regulation
