US Nuclear Regulatory Commission

For your information what is the  
purpose of my hand written letter

and please note the following  
letter must reach you in  
before Oct 2 2002

before you know the  
following Energy Service  
they want a reading to stop  
the system their right to know  
regulate all activities and  
we do not want FES. There  
plain and simple overview  
entire system is at stake  
your decision will determine  
mainly learn a living but in  
a living business with FES  
Washington business  
must know what company  
they want to do with  
they plan to let you go  
with the whole story

EREDS = ADM-03  
Aced - T. Johnson (TCJ)

death and from time to time  
 these other nations will  
 no longer be used a opposed  
 because of the relative decline  
 contribution from the western  
 part. Come if you're going  
 you not to give of \$5 any  
 seems a appropriate for any  
 thing to cover minimum plant  
 to come here, NRE & you need  
 an American. Do you  
 remember that to happen again  
 do you give of \$5 because and  
 opposed to put a minimum  
 of minimum plant here only  
 general, if it possible the  
 come of that with was that  
 is not that. Center NRE & you  
 was the plan and \$5 was  
 the United who attacked  
 America. Do you really  
 want children to die,  
 Do you all have kids or  
 would like for a moment

close your eyes picture  
them in a cockpit ahead  
can you feel your heart  
beating it's what  
you could stop thinking  
I am, please do not  
leave what happens to  
you and your and  
I don't want to live  
in harmony with the  
government. Don't let's  
lead us into the night  
to live in peace with the  
government please don't  
do anything that

Generally  
B. Allen Brown
