

The Portable Document Format (PDF) files in this file package were distributed to the public on CD-ROM during the Fuels Sessions at the Nuclear Safety Research Conference 2002 held on Tuesday, October 29, 2002, at the Marriott at Metro Center in Washington, DC.

One presentation, Pierron Slides, was incorrectly rendered from the original Microsoft PowerPoint to PDF on the CD. This has been corrected and the revised file is included as Pierron Slides A.

Another presentation, Meyer Slides, included a single overhauled transparency during the presentation. This slide was not included in the original CD but is included in the file Meyer Slides A.
