

The background is a collage of four images: top-left shows a stack of papers on a purple background; top-right shows a clock face on a pink background; bottom-left shows a stack of papers on a green background; bottom-right shows a clock face on a yellow background.

Lincoln/White Pine LSN Update

September 18, 2002
LSN ARP Meeting

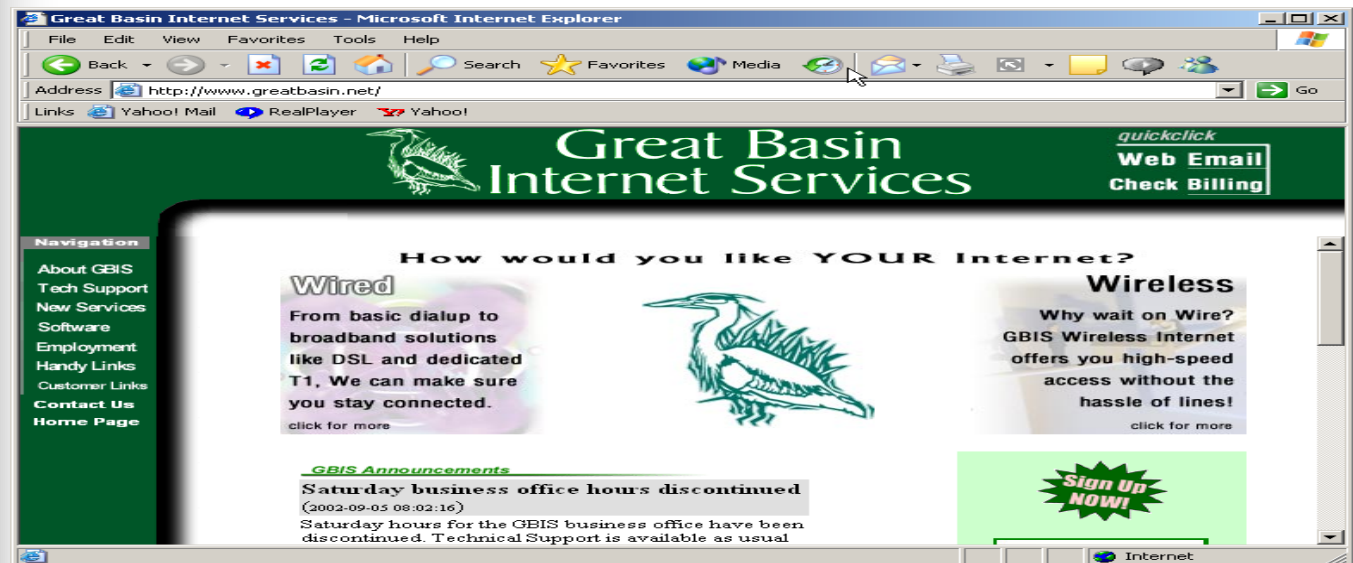

Lincoln/White Pine LSN Update

- The Lincoln/White Pine LSN Approach
- Issues and Resolutions with LSN Portal Connections

Lincoln/White Pine LSN Update

- Utilized “local” ISP Great Basin Internet Services to setup HTTP and FTP. Great Basin Internet Services, Inc. (GBIS) was established in Reno, Nevada in 1994.

Lincoln/White Pine LSN Update

- Setup Lincoln to be www.lsndocuments.com
- Setup White Pine to be www.lsndocuments.info

Lincoln/White Pine LSN Update

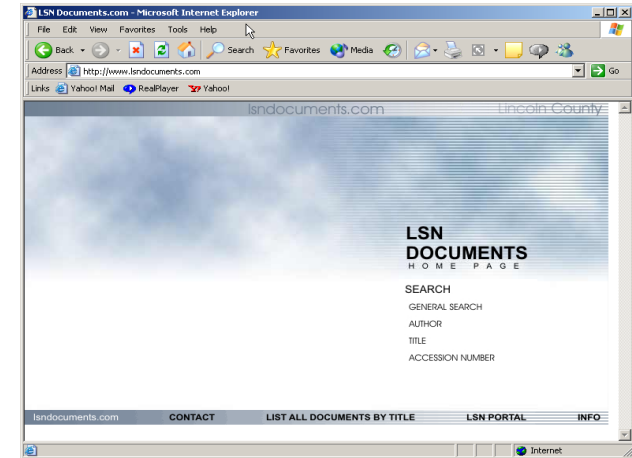

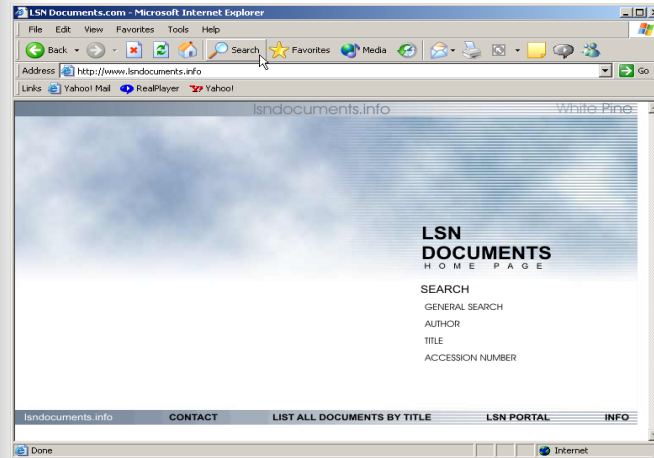

- Setup with Microsoft Frontpage 2002 LSN directories
 - Documents
 - Headers
 - Logs
- Directed Great Basin's DNS to point the FTP inquiries to these three directories

Lincoln/White Pine LSN Update

- To the LSN Portal and other users it appears:
 - <ftp://ftp.lsndocuments.com/Documents>
 - <ftp://ftp.lsndocuments.com/Headers>
 - <ftp://ftp.lsndocuments.com/Logs>
- Or for White Pine
<ftp://ftp.lsndocuments.info/Documents>

Lincoln/White Pine LSN Update

- Created “local” homepage interface
- Informational Hyperlinks
- Basic local Search capability

Lincoln/White Pine LSN Update

- Should work with NRC and Staff to provide local LSN Portal Searching Capabilities.

Lincoln/White Pine LSN Update

- Placed PDF documents on LSN websites.
- Utilized HP 9100 Digital Sender & Ricoh's Ecabinet capture documents into PDF format.

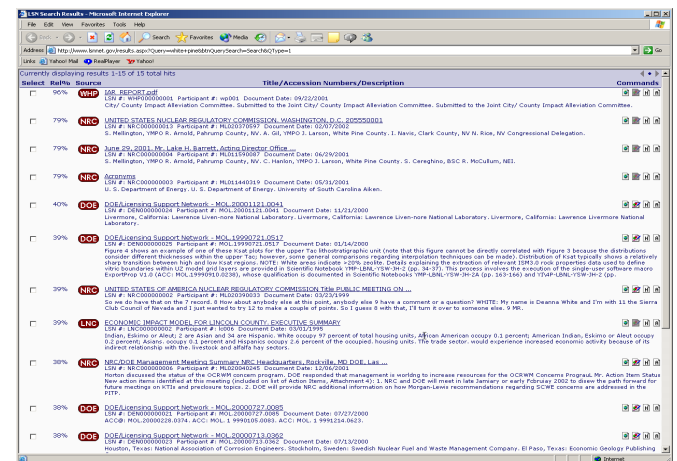

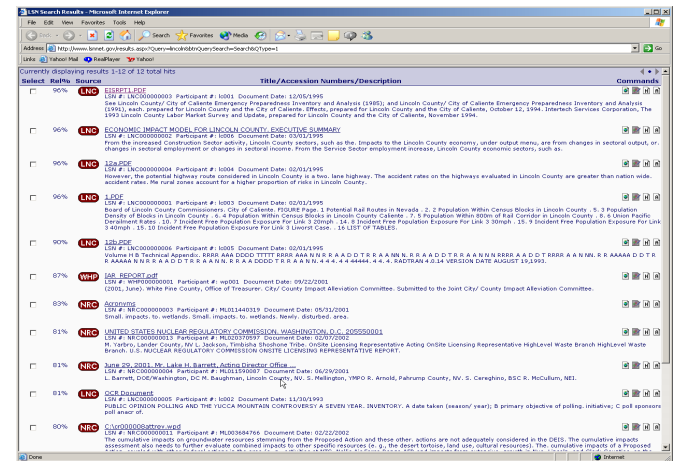

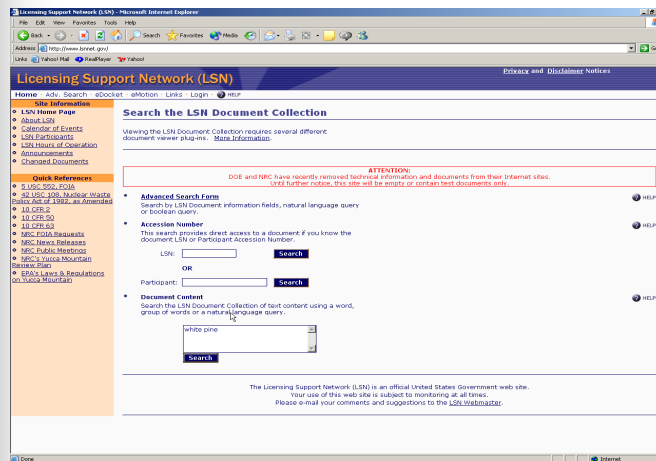

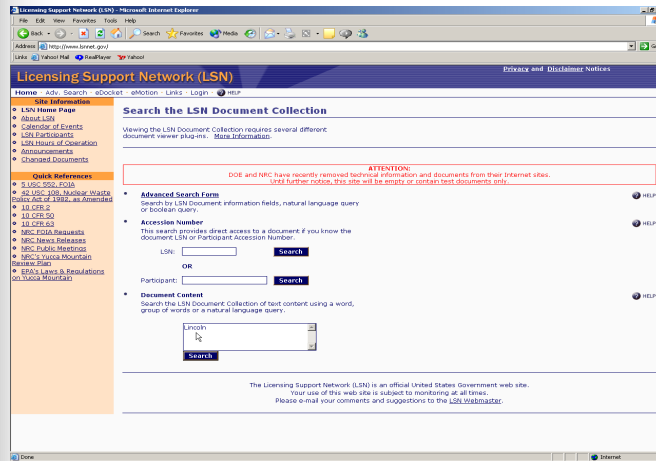

Lincoln/White Pine LSN Update

- Worked with NRC and staff to resolve minor technical issues.
 - Utilized anonymous and email password for ftp access.
- Placed test documents on site for NRC LSN Portal usage.
