

## **TABLE 3.5-2 TABLE 2 CONTAINMENTS, STRUCTURES, AND COMPONENT SUPPORT**

<i>Component/Commodity Group</i>	<i>Component Commodity Group Constituents:</i>
<p><b>Structure No</b>      <i>3070S01</i></p> <p>3. Cable tray and conduit, Electrical &amp; Instrument Panels and Enclosures, Misc. Steel, Structural Steel, Electrical Component Supports</p>	<p>Tank: Condensate Storage</p> <p>Cable tray and conduit.</p> <p>Electrical component supports.</p>
<p><b>Structure No</b>      <i>4015S02</i></p> <p>3. Cable tray and conduit, Electrical &amp; Instrument Panels and Enclosures, Misc. Steel, Structural Steel, Electrical Component Supports</p>	<p>Bldg N/A: Intake Structure</p> <p>Cable tray and conduit.</p> <p>Electrical &amp; Instrument Panels and Enclosures. Electrical component supports. Instrument Racks and Frames. Miscellaneous steel (Stairs &amp; Ladders, platforms &amp; connectors, grating &amp; checker)</p>
<p><b>Structure No</b>      <i>4060S01</i></p> <p>3. Cable tray and conduit, Electrical &amp; Instrument Panels and Enclosures, Misc. Steel, Structural Steel, Electrical Component Supports</p>	<p>Bldg N/A: North Service Water Header Enclosure</p> <p>Cable tray and conduit.</p> <p>Electrical &amp; Instrument Panels and Enclosures. Electrical component supports. Instrument Line Supports. Miscellaneous steel (Stairs &amp; Ladders, platforms &amp; connectors, grating &amp; checker Structural steel (beams, plates, connectors, column)</p>
<p><b>Structure No</b>      <i>5100S01</i></p> <p>3. Cable tray and conduit, Electrical &amp; Instrument Panels and Enclosures, Misc. Steel, Structural Steel, Electrical Component Supports</p>	<p>Tank: Diesel Generator Fuel Oil Storage</p> <p>Electrical &amp; Instrument Panels and Enclosures.</p> <p>Electrical component supports.</p>
<p><b>Structure No</b>      <i>5100S02</i></p>	<p>Tank: DS Diesel Fuel Oil</p>

## **TABLE 3.5-2 TABLE 2 CONTAINMENTS, STRUCTURES, AND COMPONENT SUPPORT**

<b>Component/Commodity Group</b>	<b>Component Commodity Group Constituents:</b>
3. Cable tray and conduit, Electrical & Instrument Panels and Enclosures, Misc. Steel, Structural Steel, Electrical Component Supports	Electrical & Instrument Panels and Enclosures.  Electrical component supports.
<b>Structure No</b> <i>6110S01</i>	<b>Bldg N/A: Security Lighting</b>  Electrical & Instrument Panels and Enclosures.  Electrical component supports. Structural steel (beams, plates, connectors, column)
<b>Structure No</b> <i>8300S18</i>	<b>Bldg 340: Dedicated Shutdown (DS) Diesel Generator Building</b>  Cable tray and conduit.  Electrical component supports.
<b>Structure No</b> <i>8300S36</i>	<b>Bldg 350: Turbine Building</b>  Cable tray and conduit.  Electrical & Instrument Panels and Enclosures. Electrical component supports.
<b>Structure No</b> <i>8300S44</i>	<b>Electrical Manholes and Duct Banks</b>  Cable tray and conduit.  Electrical & Instrument Panels and Enclosures. Electrical component supports.
<b>Structure No</b> <i>8300S48</i>	<b>Pipe Restraint Tower</b>  Cable tray and conduit.

## **TABLE 3.5-2 TABLE 2 CONTAINMENTS, STRUCTURES, AND COMPONENT SUPPORT**

<i>Component/Commodity Group</i>	<i>Component Commodity Group Constituents:</i>
3. Cable tray and conduit, Electrical & Instrument Panels and Enclosures, Misc. Steel, Structural Steel, Electrical Component Supports	Electrical & Instrument Panels and Enclosures.  Electrical component supports.
<b>Structure No</b> 8300S55	<b>Bldg N/A: Miscellaneous Yard Structures</b>
3. Cable tray and conduit, Electrical & Instrument Panels and Enclosures, Misc. Steel, Structural Steel, Electrical Component Supports	Cable tray and conduit.  Electrical & Instrument Panels and Enclosures. Electrical component supports.
<b>Structure No</b> 8320S01	<b>Bldg 205: Reactor Auxiliary Building</b>
3. Cable tray and conduit, Electrical & Instrument Panels and Enclosures, Misc. Steel, Structural Steel, Electrical Component Supports	Cable tray and conduit.  Electrical & Instrument Panels and Enclosures. Electrical component supports.
<b>Component/Commodity Group</b>	<b>Component Commodity Group Constituents:</b>
<b>Structure No</b> 8010S01	<b>Bldg 200: Reactor Containment Building</b>
4. Reinforced Concrete (Containment cylinder wall dome, basemat)	Reinforced Concrete (Cylinder Wall, Dome, Basemat).
<b>Component/Commodity Group</b>	<b>Component Commodity Group Constituents:</b>
<b>Structure No</b> 4015S02	<b>Bldg N/A: Intake Structure</b>
5. Electrical and Instrument Panels and Enclosures, Expansion Anchors, Siding, Louvers	Electrical & Instrument Panels and Enclosures.  Expansion Anchors Protective Enclosure. Siding.
<b>Structure No</b> 4060S01	<b>Bldg N/A: North Service Water Header Enclosure</b>
5. Electrical and Instrument Panels and Enclosures, Expansion Anchors, Siding, Louvers	Electrical & Instrument Panels and Enclosures.

## **TABLE 3.5-2 TABLE 2 CONTAINMENTS, STRUCTURES, AND COMPONENT SUPPORT**

<i>Component/Commodity Group</i>	<i>Component Commodity Group Constituents:</i>	
<b>Structure No</b> 8300S18	Bldg 340: Dedicated Shutdown (DS) Diesel Generator Building	
5. Electrical and Instrument Panels and Enclosures, Expansion Anchors, Siding, Louvers	Louvers	
	Protective Enclosure.	
<b>Structure No</b> 8300S36	Bldg 350: Turbine Building	
5. Electrical and Instrument Panels and Enclosures, Expansion Anchors, Siding, Louvers	Louvers	
	Protective Enclosure.	
	Siding.	
<b>Structure No</b> 8300S46	Bldgs 215, 220 and 225: Fuel Handling Building	
5. Electrical and Instrument Panels and Enclosures, Expansion Anchors, Siding, Louvers	Siding.	
<b>Structure No</b> 8320S01	Bldg 205: Reactor Auxiliary Building	
5. Electrical and Instrument Panels and Enclosures, Expansion Anchors, Siding, Louvers	Louvers	
	Siding.	
<i>Component/Commodity Group</i>	<i>Component Commodity Group Constituents:</i>	
<b>Structure No</b> 8300S09	Bldg 210: Radwaste Building	
7. Seismic Joint Filler	Seismic joint filler	
<b>Structure No</b> 8300S46	Bldgs 215, 220 and 225: Fuel Handling Building	
7. Seismic Joint Filler	Seismic joint filler	
<b>Structure No</b> 8320S01	Bldg 205: Reactor Auxiliary Building	
7. Seismic Joint Filler	Seismic joint filler	
<i>Component/Commodity Group</i>	<i>Component Commodity Group Constituents:</i>	
<b>Structure No</b> 8320S01	Bldg 205: Reactor Auxiliary Building	
8. Roof (Membrane or Built Up)	Roof (Membrane or Built Up)
