NOTE TO: Barbara Martinez, FBI

FROM: Richard H. Wessman, Director, IRO 
U.S. Nuclear Regulatory Commission

SUBJECT: REVISION TO COMMERCIAL REACTOR PRIORITIZATION

NRC has revised its list prioritizing commercial nuclear reactors previously submitted in September, 2001. The prioritization has been enhanced by factoring in power level which directly correlates to source term. The revised prioritization, discussion of the changes, and additional, related information is attached.
