Dear Ms. Piccone:

The State Regulation Status Data Sheet for North Dakota does not show the current status of many of the regulations that we adopted in our previous rule revisions. So that the State Regulation Status Data Sheet for North Dakota can be fully updated, we have enclosed documentation for every item on the Data Sheet that needs to be updated. The regulations that we have submitted updated information for are listed below:

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure SA-200. Since North Dakota is scheduled for an IMPEP review the first half of 2003, it will be beneficial for NRC to have its database current.

If you have any questions, please contact Jim Killingbeck of my staff at 701.328.5188 or jkilling@state.nd.us.

Sincerely,

for Terry L. O'Clair, P.E.
