Re: Application to Amend Source Material License No. SMB-743

Dear Ms. Villar:

The purpose of this letter is to request an amendment to License No. SMB-743 to reflect a change in our radiation safety organization. The Senior Corporate Individual, who has the authority to dedicate resources for radiation safety purposes, is now Mr. Eric Jackson, President of Shieldalloy. Mr. Jackson has replaced Mr. Nigel Morrison, who is no longer with the company.

In addition, the Radiation Safety Committee is now comprised of the following positions: President of Shieldalloy (RSC Chair) - Mr. Eric Jackson; Radiation Safety Officer - Mr. David Smith; Assistant Radiation Safety Officer - position currently vacant; Operations Manager - Mr. Hugo Nieves; Production Manager - Mr. Steve Danilak; and Administrative Assistant (RSC Secretary) George Behm. Therefore, we are also requesting a modification to Provision 4.1.5.2 of the SMC Radiation Protection Program Plan, included by reference in SMB-743, to read as follows:

4.1.5.2 The permanent members of the SMC Radiation Safety Committee (RSC) shall include the RSO, the ARSO, the President of Shieldalloy, the Operations Manager, the Production Manager, and the Administrative Assistant.

Please call me at (865) 692-4200, extension 226 if I can answer any questions, or provide you with any additional information. We look forward to timely amendment of License No. SMB-743 to reflect our current organization.

Sincerely,

David R. Smith
Radiation Safety Officer
