SYNOPSIS

The U.S. Nuclear Regulatory Commission, Office of Investigations, Region II, initiated this investigation on May 31, 2001, to determine whether a training instructor at the Florida Power and Light Company's Turkey Point Nuclear Plant was terminated as a result of reporting safety concerns.

Based on the evidence developed and contact with the Regional Counsel, there does not appear to be a prima facie case of retaliation in view of the fact that the alleged's termination was not connected to his protected activity of raising safety concerns.

APPROVED FOR RELEASE ON 11/26/02

~~NOT FOR PUBLIC DISCLOSURE WITHOUT APPROVAL OF
FIELD DIRECTOR, OFFICE OF INVESTIGATIONS, REGION II~~
