Dear Dr. Bonaca:

On behalf of the Commission, I am pleased to offer you a reappointment to a four-year term on the Advisory Committee on Reactor Safeguards. The reappointment will begin at the end of your present term and extend through January 5, 2007.

The Commission offers this reappointment based on the understanding that you will not advise the ACRS on any particular matters that would and predictably affect the financial interests of the entities listed in the May 6, 2002, memorandum to you from the Office of the General Counsel.

We sincerely appreciate the dedication and effort you have provided and look forward to your input on the many important issues that will be facing the Commission in the future.

Sincerely,

/RA/

Richard A. Meserve
