Subject: Docket No. 50-482: Notification of Changes at Wolf Creek Generating Station Affecting the Wolf Creek Generating Station Physical Security Plan

Gentlemen:

This letter provides information in accordance with 10 CFR 50.54(p)(2) concerning a change at Wolf Creek Generating Station (WCGS) affecting the WCGS Physical Security Plan. Attachment I provides a description of this change and a justification for the change. Attachment II identifies the commitments contained in this correspondence.

The change identified in Attachment I will be incorporated into the WCGS Physical Security Plan by March 28, 2003. This change does not reduce the effectiveness of the WCGS Physical Security Plan.

If you have any questions concerning this matter, please contact me at (620) 364-4112 or Mr. Tony Harris at (620) 364-4038.

Very truly yours,

Britt T. McKinney

Changes Affecting the Wolf Creek Generating Station Physical Security Plan

Reasons and Justifications

Change 1

Pages Affected:	Physical Security Plan page 1-8
Change:	This change incorporates the 3-step approach for expediting verification of military service in accordance with guidance provided by Nuclear Regulatory Commission Regulatory Issue Summary (RIS) 2002-17 "Guidance on Performing Military Service Verification."
Reason for Change:	Expeditious verification of military service will reduce the time required to make determinations regarding the granting of unescorted access.
Justification:	RIS 2002-17 states that the 3-step approach can be incorporated into the Physical Security Plan in accordance with 10 CFR 50.54(p). Wolf Creek Nuclear Operating Corporation has determined that this change does not reduce the effectiveness of the Physical Security Plan. Therefore, this change can be made without prior NRC approval.
