**Subject:** Information Request

Dear Sirs,

Following my contact with your Public Document Room, & their greatly appreciated help in obtaining some documents, I was directed to the Massachusetts office & Bob Walker who said he would direct my request to your office.

I have not heard since then & I have been asked to see if it is possible to obtain the information we requested. I did attempt to download the software from your site to search but unfortunately due to firewall issues this was not possible.

We are looking for reports on NEN Biosciences, Albany Street, Boston. Directors here have said that in the past we have had these reports on inspections carried out at radioactive production sites.

Please could you inform me if this is at all possible, I can then pass this data onto the relevant Director within our company.

Regards  
Jackie Bryant
