Subject: Addendum 2 of WCAP-12488-A / WCAP-14204-A, "Westinghouse Fuel Criteria Evaluation Process," (Proprietary / Non-proprietary) – Withdrawal from NRC Review

Dear Mr. Wermiel:

Addendum 2 of WCAP-12488-A / WCAP-14204-A, it was submitted for NRC review in Reference 1. Based on discussion with the NRC staff reviewer of this topical, it was agreed that the change should more appropriately be made to WCAP-10125-P-A. Therefore, Westinghouse would like to officially withdrawal out request for NRC review of this original submittal. The submittal will be modified slightly to refer to WCAP-10125-P-A and will be resubmitted as Addendum 1 to WCAP-10125-P-A. No other technical changes will be made.

Very truly yours,
