November 5, 2002

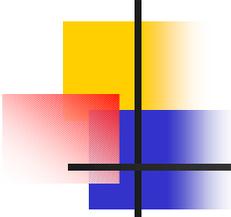

Outreach Plans

- MOU and implementing guidance on Internet
 - <http://www.epa.gov/superfund/resources/radiation/mou.htm>
- Briefings for interested stakeholders

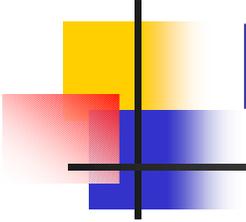

EPA Guidance

- EPA implementation guidance to EPA Regions contained in transmittal note
 - Caution: Transmittal note assumes familiarity with CERCLA.
 - Clear, overarching goal: to implement the MOU as written.

EPA Guidance (continued)

- MOU does not affect CERCLA actions
- Explains rationale for consultation triggers

New MOU?

- House Report language (10/10/2002) asks for revised MOU
 - Should address EPA involvement “when requested by the NRC”
