National Environmental Policy Act

United States Nuclear Regulatory Commission

- NEPA requires Federal agencies to use a systematic approach to consider environmental impacts.
- An Environmental Impact Statement (EIS) is required for major Federal actions significantly affecting the quality of the human environment
- Commission has determined that a supplement to the "Generic EIS for License Renewal of Nuclear Plants" will be prepared for a license renewal application.

6

Decision Standard for Environmental Review

To determine whether or not the adverse environmental impacts of license renewal for V.C. Summer are so great that preserving the option of license renewal for energy planning decisionmakers would be unreasonable.
