Docket No. 72-22-ISFSI

PROPOSED JOINT CORRECTIONS TO THE TRANSCRIPT
FOR THE EVIDENTIARY HEARING ON CONTENTION UTAH K

Applicant Private Fuel Storage, L.L.C. ("Applicant" or "PFS"), the State of Utah and the Staff of the Nuclear Regulatory Commission jointly propose that the corrections in the attached table be made to the transcript of the evidentiary hearings on Contention Utah K. The attached table lists the corrections that the parties have identified in their review of the transcript but, given the size of the transcript, the parties have not attempted to undertake a comprehensive identification and listing of every potential correction to the transcript. In particular, the parties have not sought to identify and correct obvious typographical or spelling errors. The parties are aware of no contested issue of fact whose resolution turns on a proposed correction to the transcript.

Respectfully submitted,

Jay E. Silberg
