Attached is the draft meeting summary from our first and only meeting with GA on 12/3/01 to discuss the GT-MHR. Our second meeting has not been scheduled and we have not yet received the letter that GA indicated they would send in this month to provide their plans for a pre-application review.

The current schedule for the SECY on the GT-MHR pre-application plan is Feb 02. Jose Ibarra (RES) has the lead but has been selected as an Assistant Branch Chief in RES so they will have to assign a new RES PM for GT-MHR.
