Gene Trager, Leslie Fields and I talked to Larry Parme of GA this afternoon. This was our second weekly conference call. Here are the highlights:

GA is still finalizing the response to the May 13th letter from Farouk to Walt Simon re. plans for GT-MHR pre-application interactions. Larry expects that the formal GA response will be ready by 7/22. As before, he assured us of an electronic copy as soon as it is signed off.

We plan to continue these weekly communications with GA on Tuesday at 1:30 PM, starting on July 30th.
