Re: Docket # 40-8903, License # SUA 1471
 Financial Test to Demonstrate Financial Assurance

Dear Mr. Leach:

I am the Vice President and Controller of Barrick Gold Corporation, an Ontario Corporation having a principal place of business at Royal Bank Plaza, South Tower, Suite 2700, 200 Bay Street, Toronto, ON, Canada M5J 2J3 ("Barrick" and "Guarantor"). This letter is in support of Barrick's use of the financial test to demonstrate financial assurance, as specified in 10 CFR Part 40, Appendix A.

Homestake Mining Company of California ("Licensee") is an indirect wholly owned subsidiary of Guarantor and holds the license SUA 1471 ("License") for the Milan Mill Uranium recovery facilities ("Facilities"). The Facilities are a closed property at which the remaining activities are decommissioning, reclamation and long-term surveillance and control.

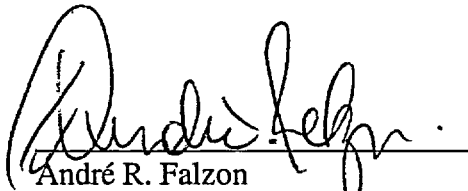

Barrick guarantees, through the parent company guarantee submitted for compliance under 10 CFR Part 40, Appendix A, the decommissioning, reclamation and long-term surveillance and control of the Licensee's facilities. The cost estimate for reclamation, decommissioning and long-term surveillance and control so guaranteed for these facilities is \$42 million.

I further attest that the Licensee for which this parent company guarantee is being made has a positive tangible net worth.

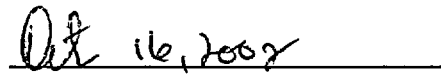

Guarantor is required to file a Form 40-F with the Securities and Exchange Commission ("SEC") for the latest fiscal year.

The fiscal year for Barrick ends December 31. The figures in the attached schedule are contained in or have been derived from Barrick's independently audited, year-end financial statements and footnotes for the latest completed fiscal year ended in December 31, 2001.

I hereby certify that the content of this letter is true and correct to the best of my knowledge.

André R. Falzon
Vice President and Controller

October 18, 2002

Dear Sirs:

We have audited the consolidated financial statements of Barrick Gold Corporation and subsidiaries (the Company) for the year ended December 31, 2001, and have issued our report thereon dated February 8, 2002. Our audit was made in accordance with auditing standards generally accepted in the United States of America and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. This letter is based on our knowledge as of February 8, 2002 obtained in performing our audit of such financial statements and should be read with that understanding.

At your request, we have performed the procedures enumerated below with respect to the accompanying letter from Mr. André Falzon, Vice President and Controller of Barrick Gold Corporation, to the United States Nuclear Regulatory Commission (NRC) dated October 16, 2002, which includes documents prepared by the Company regarding its financial responsibility under the NRC financial assurance regulations, in compliance with Appendix A of 10 CFR Part 40. It is understood that this letter is furnished solely for filing with the NRC in accordance with these regulations and is not to be used for any other purpose. The procedures that we performed are summarized as follows:

1. We compared the amounts included in items 5 and 6 in the letter referred to above with the corresponding amounts included in the financial statements referred to in the first paragraph.

2. We recomputed from, or reconciled to the financial statements referred to in the first paragraph above, the information included in items 2, 3, 4, 7, 8 and 9 in the letter referred to above.
3. We confirmed the mathematical accuracy of the responses to items 10 through 17, inclusive, in the letter referred to above.

Because the procedures referred to in the preceding paragraph were not sufficient to constitute an audit made in accordance with auditing standards generally accepted in the United States of America, we do not express an opinion on any of the information or amounts listed above which are included in the aforementioned letter. In performing the procedures referred to above, however, no matters came to our attention that caused us to believe the information included in items 2 through 17, inclusive, in the aforementioned letter should be adjusted.

Yours very truly,
