

MEETING NOTICE

January 16, 2003

Purpose: To discuss policy-related issues relative to extremity monitoring and dosimetry with the regulated community. The meeting will be conducted as a roundtable discussion among invited participants, specifically Syncor International Corporation, to address policy and guidance-related issues regarding shallow dose equivalent (SDE) assessments to the portion of the skin of the extremity likely to receive the highest dose. Although the focus of the discussion will be among the invited participants, the workshop is open to the public. A list of participants will be available at the meeting.

Date and Time: January 16, 2003, 8:30 a.m. to noon

Location: U.S. Nuclear Regulatory Commission
Two White Flint North
11545 Rockville Pike
Rockville, MD 20852
Room: T10-A1

NRC Attendees: Representatives of the Division of Industrial and Medical Nuclear Safety, NMSS
Representatives of NRC Regions I, II, III, and IV
Other NRC staff

Licensee/Industry: Syncor International Corporation
Council on Radionuclides and Radiopharmaceuticals, Inc.
Other Radiopharmaceutical Manufacturers/Distributors

Contact: Anita Turner
301-415-5508
E-mail: alt@nrc.gov

Attendance at this meeting should be made known to the above contact by January 14, 2003.

Please arrive approximately 30 minutes prior to the start of the meeting to allow time for security processing.

Note: Meetings between the NRC staff and licensees are open for interested members of the public to attend as observers pursuant to the "Open Meeting Statement of NRC Staff Policy," 65 *Federal Register* 56964, September 20, 2000.
