Dear Mr. Virgillio:

It is my pleasure to announce that the Board of Directors of NAC International has appointed Mr. Peter Walier as NAC's President and CEO effective December 2, 2002. Pete comes to NAC from GE where he has had a very successful career. His latest assignment was General Manager of Reactor Services, GE Nuclear. Pete's in-depth knowledge of the nuclear services business will be of great value to NAC and its customers.

I will be remaining on NAC's Board of Directors and assist with the longer-term transition.

Pete and I will be going through an orderly transition over the next few weeks. You can reach either one of us at (678) 328-1200.

Sincerely,

James M. Levine
