SUBJECT: Responses to Request for Additional Information (RAI) for the Review of the License Renewal Application for Fort Calhoun Station, Unit 1

My letters of November 22 and December 12, 2002 (References 3 and 4) provided the Omaha Public Power District (OPPD) responses to 63 of the RAI questions contained in the Reference 2 letter. The attachment to this letter provides the OPPD responses to the remaining 151 questions in the Reference 2 letter. A list of the questions/responses included is at the beginning of the attachment.

OPPD is also providing under separate cover letter (Reference 5) paper and electronic sets of revised license renewal boundary and additional drawings noted in the above responses. These drawings are not considered part of the LRA.

If you have any questions or require additional information, please contact T. C. Matthews at (402) 533-6938.

Commitments to the NRC are included in this letter. These commitments are summarized at the end of the attachment; some of them may duplicate or revise commitments previously included in the Fort Calhoun Station License Renewal Application.
