NRC FORM 464 Part II (6-1998)	U.S. NUCLEAR REGULATORY COMMISSION	FOIA/PA 2003-0059	DATE DEC 27 2002
RESPONSE TO FREEDOM OF INFORMATION ACT (FOIA) / PRIVACY ACT (PA) REQUEST			

PART II.A -- APPLICABLE EXEMPTIONS

APPENDICES C	Records subject to the request that are described in the enclosed Appendices are being withheld in their entirety or in part under the Exemption No.(s) of the PA and/or the FOIA as indicated below (5 U.S.C. 552a and/or 5 U.S.C. 552(b))
<input type="checkbox"/> Exemption 1: The withheld information is properly classified pursuant to Executive Order 12958 <input type="checkbox"/> Exemption 2: The withheld information relates solely to the internal personnel rules and procedures of NRC. <input type="checkbox"/> Exemption 3: The withheld information is specifically exempted from public disclosure by statute indicated. <input type="checkbox"/> Sections 141-145 of the Atomic Energy Act, which prohibits the disclosure of Restricted Data or Formerly Restricted Data (42 U.S.C. 2161-2165). <input type="checkbox"/> Section 147 of the Atomic Energy Act, which prohibits the disclosure of Unclassified Safeguards Information (42 U.S.C. 2167). <input type="checkbox"/> 41 U.S.C., Section 253(b), subsection (m)(1), prohibits the disclosure of contractor proposals in the possession and control of an executive agency to any person under section 552 of Title 5, U.S.C. (the FOIA), except when incorporated into the contract between the agency and the submitter of the proposal. <input type="checkbox"/> Exemption 4: The withheld information is a trade secret or commercial or financial information that is being withheld for the reason(s) indicated <input type="checkbox"/> The information is considered to be confidential business (proprietary) information. <input type="checkbox"/> The information is considered to be proprietary because it concerns a licensee's or applicant's physical protection or material control and accounting program for special nuclear material pursuant to 10 CFR 2.790(d)(1). <input type="checkbox"/> The information was submitted by a foreign source and received in confidence pursuant to 10 CFR 2.790(d)(2). <input checked="" type="checkbox"/> Exemption 5: The withheld information consists of interagency or intraagency records that are not available through discovery during litigation. Applicable privileges: <input checked="" type="checkbox"/> Deliberative process: Disclosure of predecisional information would tend to inhibit the open and frank exchange of ideas essential to the deliberative process. Where records are withheld in their entirety, the facts are inextricably intertwined with the predecisional information. There also are no reasonably segregable factual portions because the release of the facts would permit an indirect inquiry into the predecisional process of the agency. <input type="checkbox"/> Attorney work-product privilege (Documents prepared by an attorney in contemplation of litigation) <input checked="" type="checkbox"/> Attorney-client privilege. (Confidential communications between an attorney and his/her client) <input type="checkbox"/> Exemption 6: The withheld information is exempted from public disclosure because its disclosure would result in a clearly unwarranted invasion of personal privacy. <input type="checkbox"/> Exemption 7: The withheld information consists of records compiled for law enforcement purposes and is being withheld for the reason(s) indicated. <input type="checkbox"/> (A) Disclosure could reasonably be expected to interfere with an enforcement proceeding (e.g., it would reveal the scope, direction, and focus of enforcement efforts, and thus could possibly allow recipients to take action to shield potential wrongdoing or a violation of NRC requirements from investigators). <input type="checkbox"/> (C) Disclosure would constitute an unwarranted invasion of personal privacy. <input type="checkbox"/> (D) The information consists of names of individuals and other information the disclosure of which could reasonably be expected to reveal identities of confidential sources <input type="checkbox"/> (E) Disclosure would reveal techniques and procedures for law enforcement investigations or prosecutions, or guidelines that could reasonably be expected to risk circumvention of the law <input type="checkbox"/> (F) Disclosure could reasonably be expected to endanger the life or physical safety of an individual. <input type="checkbox"/> OTHER (Specify)	

PART II.B -- DENYING OFFICIALS

Pursuant to 10 CFR 9.25(g), 9.25(h), and/or 9.65(b) of the U.S. Nuclear Regulatory Commission regulations, it has been determined that the information withheld is exempt from production or disclosure, and that its production or disclosure is contrary to the public interest. The person responsible for the denial are those officials identified below as denying officials and the FOIA/PA Officer for any denials that may be appealed to the Executive Director for Operations (EDO).
