## EVENT TEXT

OFFSITE NOTIFICATION TO THE NATIONAL MARINE AND FISHERIES SERVICE AS A  
RESULT OF THE ENDANGERED SEA TURTLES NON-LETHAL TAKE LIMIT BEING EXCEEDED

"On April 09, 2001 at 0940 the 40th non-lethal sea turtle take in the  
biennial period occurred

"In accordance with Crystal River Unit #3 Operating License, Appendix B,  
Environmental Protection Plan (Non-Radiological), 'Endangered or threatened  
sea turtles shall be protected in accordance with the Incidental Take  
Statement issued by the National Marine and Fisheries Service (NMFS).' The  
NMFS has established numerical limits on live takes, lethal takes causally  
related to plant operation, and lethal takes not related to plant  
operations.

"The NMFS must be notified within five days whenever:

- a The 40th non-lethal take occurs in the biennial period, or
- b The third causally related mortality occurs in the biennial period, or
- c The sixth non-causally related mortality occurs in the biennial  
period

"The current biennial period for monitoring sea turtle takes began January  
1, 2001.

"Thus, in accordance with Crystal Unit #3 Administrative Instruction 571,  
Sea Turtle Rescue and Handling Guidance, the NMFS must be notified within  
five days.

B/9

"In accordance with Crystal River Unit #3 Compliance Procedure 151, External Reporting Requirements, this 40th non-lethal sea turtle take is Reportable as a 4-Hour Report under 10 CFR 50.72(b)(2)(xi) as this event is related to the protection of the environment for which a notification to other government agencies has been or will be made."

The licensee will inform the NRC resident inspector.

\*\*\* UPDATE 0944EDT ON 4/10/01 FROM R. SWEENEY TO S. SANDIN \*\*\*

"On April 10, 2001 at 0859 the 41st non-lethal sea turtle take in the biennial period occurred."

The licensee informed the NRC resident inspector. Notified R2DO(Julian).

\*\*\*\*\* UPDATE RECEIVED AT 0911 ON 04/17/01 FROM CHRISTOPHER PELLERIN TO LEIGH TROCINE \*\*\*\*\*

The 42nd, non-lethal, sea turtle take in the biennial period occurred at 0810 on April 17, 2001.

The licensee notified the NRC resident inspector. The NRC operations officer notified the R2DO (Ernstes).

\*\*\* UPDATE 1125 EDT ON 5/1/01 FROM DAVID SCHULKER TO FANGIE JONES \*\*\*

"On May 1, 2001 at 0805 a turtle was identified as the 43rd rescued, live sea turtle in this biennial period. This sea turtle will be kept for a short observation period and then safely returned to the environment."

The licensee will inform the NRC Resident Inspector and the National Wildlife and Fisheries Service. Notified R2DO(Jay Henson).

\*\*\* UPDATE ON 5/29/01 BY FERGUSON TO SANDIN \*\*\*

On May 29, 2001 at 0943 two turtles were identified as the 44th and 45th rescued, live Sea turtles in this biennial period. These healthy sea turtles will be kept for a short observation period and then safely returned to the environment.

This is Reportable as a 4-Hour Report under 10 CFR 50.72 (b) (2) (xi) as this event is related to the protection of the environment for which a notification to other government agencies has been or will be made. This is an update to event 37902.

The NRC Resident Inspector was notified. The REG2 RDO(Barr) was informed.

\*\*\* UPDATE 2014 EDT 6/4/2001 FROM RAWLS TAKEN BY STRANSKY \*\*\*

On June 4, 2001 at 1815, the 46th non-lethal sea turtle (Kemp's Ridley) take in the biennial period occurred. The licensee has informed the NRC resident inspector. Notified R2DO (Barr).
