

CRYSTAL RIVER UNIT #3 SUPERINTENDENT SHIFT OPERATIONS' LOG

Sunday May 19, 2002

David Schulker / Chuck Morris
2300-1100

Init	Time*	Item	Description
DBS	0909	Output Breakers	Closed 1661 and 1662. CRNP is on-line [0835].
DBS	1052	Turtle Reportable	Site security reported the rescue of a live sea turtle on the intake bar racks. The turtle is healthy and has been transported to the Mariculture Center. Mariculture staff personnel (E. Olsen) identified the turtle as a healthy, Green Sea Turtle [0916]. This is the 71 st live rescue in this biennial period. NCR #60988 has been generated and the NRC Operations Center (L. Trociene) notified via ENS [1023]. Also notified were the PGM (L. Franke), MO (M. Annacone), and NRC Resident Inspector (S. Sanchez). Regulatory Affairs will be notified.
