SUBJECT: INITIAL NRC FORM 241 FOR CALENDAR YEAR 2003

Mr. Ross:

This acknowledges receipt of your initial NRC Form 241 dated January 2, 2003, and the \$1400 application fee, submitted to the NRC Region IV office to report proposed activities in NRC jurisdiction under the authority of the general license pursuant to 10 CFR 150.20.

Your Agreement State license is recognized as valid for the proposed use of licensed material at the location listed on your NRC Form 241, and attachments, if any. Please be aware that working under reciprocity in NRC jurisdiction requires you to comply with NRC regulations, as described in 10 CFR 150.20.

The calendar year 2003 RTS Reference number for your proposed location of work is as follows. Please note, that the respective RTS Reference number is assigned to Fort Lewis for various locations. Thereby, you will be able to work at various locations of Federal jurisdiction at Fort Lewis, under RTS number 95. When other work locations and dates are provided to this office, then respective RTS Reference numbers will be assigned for those locations. Once assigned, please refer to the appropriate RTS Reference number in any future communications.

<b>RTS Reference Number</b>	<b>Proposed Location of Work</b>	<b>Dates of Work</b>
95	Fort Lewis - Various Locations	January 2 - June 30, 2003

Please recognize that I entered 180 days into the NRC reciprocity tracking system (RTS), for your work at Fort Lewis, RTS No. 95, which is reflected by the dates January 2 through June 30, 2003. You must submit an NRC Form 241 clarification report when you propose to add locations of work, add or delete dates of work, change work site contacts, use different radioactive materials, or elect to perform additional work activities within NRC jurisdiction, and subsequently provide those changes to this office. Please note, all notifications or clarifications of work activities or changes to the information submitted on the initial NRC Form 241 must include as a minimum, the following information: licensee name, agreement state license number, location of work, dates

of work, and the signature of the RSO or designee. Therefore, if the dates of work at Fort Lewis change during the year, please submit a clarification report.

Information submitted on NRC Form 241 must be specific regarding the location and dates of use. Since your reciprocity request is for various locations over an extended period of time, you are required to notify this office three days prior to each of the proposed generally licensed activities. However, given the nature of your licensed activities, the time requirement specified in 10 CFR 150.20(b)(1) for filing an NRC Form 241 clarification report and any subsequent notifications has been waived, provided that you:

- A. Inform this office by telephone or facsimile of work activities or changes to the information submitted on the initial NRC Form 241, and
- B. Receive oral or written authorization for the activities from this office, and
- C. Submit written confirmation and the check for the fee payment, if applicable, within 3 days after the notification.

Enclosed is an NRC signature copy of your NRC Form 241. We appreciate your cooperation. If you have questions concerning this letter or other aspects of working in NRC jurisdiction under reciprocity, please contact me at 817-276-6552.

Please use one of the following FAX numbers for submitting NRC Form 241 clarifications.  
817-860-8263

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter, its enclosure, and your response, if you provide one, will be made available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS).
