Mr. Tim McGinty  
Spent Fuel Project Office, NMSS  
U.S. Nuclear Regulatory Commission  
11555 Rockville Pike  
Rockville, MD 20852

**SUBJECT:** Schedule of Future Licensing Activities

Dear Mr. McGinty:

Based on our recent discussions and the management meeting held in Rockville, Maryland, on June 16, 1998, TN West is providing its schedule for future licensing activities. This schedule is submitted at your request to assist with NRC planning activities and is based upon the information provided at the management meeting.

The key licensing activities are presented in Table 1 along with the defined completion actions and scheduled dates of completion. These licensing activities include those items outside of the inspection response actions from the DFI.

We look forward to further discussion of our licensing plans with the NRC. Please contact Mr. Walter Bak (510-744-6018) or me (510-744-6020) if you have any questions or require further clarification.

Sincerely,

Robert Grenier  
President and Chief Operating Officer

Enclosure: As stated
