Dear Mr. Egan:

Thank you for your letter, and accompanying legal analysis, on the potential applicability of 10 CFR 20.2002 to the disposal of radioactive materials at the Waste Control Specialists' site in Andrews County, Texas. We are evaluating your legal analysis and we plan to respond to you with our views on the 20.2002 issue, as well as on any related State-Federal implications. At that time, we will also determine whether it would be beneficial to discuss the issue in person with you and Mr. Dornsife. Please call me if you have questions about this. I can be reached at (301)-415-1642.

Sincerely,

*Francis X. Cameron*
