Pete.

Copies of what you requested are on the way. We have also been dealing with an unexpected OGC version of the response. We are very late in getting our response out. I had originally planned on submitting the response. Can I assume that you are now taking this over? If so, I can get my name off the list as the CFO POC.

Jim

Jim,

Please send me a copy of the Exelon white paper and any guidance on the content/format of each section of the SECY paper that you received. Thanks.

Pete

Pete:

The staff is developing a Commission paper SUBJECT: Commission Paper on Staff Assessment of Exelon's Legal and Financial White Papers. Exelon issued a white paper on annual fees. The staff has had a few public meetings with Exelon and we (CFO) have forwarded a paper (pebble1.wpd) to the Commission. The staff owes the Commission the latest thinking on each of the white papers. I have completed our paper (attached) based on a Sept 5 memo from Jim Lyons (hard copy separately forwarded). The staff asked for input by September 10. I believe this answers the mail but desired that you and Jesse review prior to my forwarding.

Jim
