Amy,

Someone from FEES will attend your meeting tomorrow, perhaps Diane Dandois and/or Ann Norris. We are trying to get the proposed FY 2002 fee rule up to Jesse this week for signature, so I may not be able to attend.

>>> Amy Cabbage 03/12/02 03:59PM >>>

I have attached a draft agenda for the March 27 workshop on SECY-01-0207 which identifies the issues to be discussed and NRC staff leads. The meeting notice and a copy of SECY-01-0207 are also attached for your info.

It is my expectation that for each issue, the NRC lead will provide a brief presentation which describes the issue, provides the preliminary staff position in SECY-01-0207, and provides an update (if applicable) of staff activities since the SECY-01-0207 was forwarded to the Commission in November 2001. The staff should also be prepared to address stakeholder comments/questions during the workshop to the extent possible.

**I would to meet with the NRC participants on Thursday (3/14) at 9:00. Please let me know if you are available.**
