I have identified the following TACs associated with the Pebble Bed review:

In NRR;

MB1759 - Project Management Pre-Application
MB1934 - Exelon Generation PBMR Reg Framework
MB1935 - Exelon Generation PBMR Legal/Financial Assess
MB1936 - Exelon Generation PBMR Technology Assess.
MB4656 - Exelon Pre-application (other than PMs)

In RES:

K81256 - Pebble Bed Modular Pre-Application Rev.

Do you have knowledge of any others? Verify that there are no contracts associated with the review, thus no contract costs.

To which TAC is Tom King charging time.

Thanks Ellen
