SUBJECT: RECONCURRENCE ON NEW REIMBURSABLE AGREEMENT WITH DOE  
FOR PEBBLE BED MODULAR REACTOR TRAVEL COSTS

Attached is a revised version of the reimbursable agreement between NRC and DOE for the "Pebble Bed Modular Reactor (PBMR) Technology and Fuel Evaluation." The agreement funds \$20,000 in travel expenses for two RES staff (Ashok Thadani and Tom King) to visit South Africa.

As a result of the meeting held between OCFO, RES, and OGC staff on February 22, RES revised the Statement of Work to clarify that the focus of the trip is for exploring the PBMR technology, rather than U.S. licensing requirements.

Recommendation

Concur on the attached routing slip.
