Hi Amy,

If NRR is operating under a reimbursable agreement between NRC and DOE, your contact person is Joel Dorfman, OCFO. Reimbursable costs are not reported to the Fees Branch to be billed, the costs are reported to Joel.

Ellen

Is it possible to set up an NRR TAC billable to DOE under the NRC-DOE reimbursable agreement that has just been set up for generic high temperature gas reactor work? I know the office of Research plans to bill staff time to DOE. I'm not sure how they have arranged the TACs.

Thanks,
Amy
