SUBJECT: ORPHAN SOURCES

Dear Dr. Hornberger:

In my letter of January 10, 2003, which provided our response to your letter of October 17, 2002, reference was made to the Department of Energy/Nuclear Regulatory Commission draft report on Radiological Dispersal Devices and the expectation that it would be provided to the Secretary and Commission by November 29, 2002. I am writing to inform you that the draft report is now complete and is currently undergoing management review in both Agencies. We now expect to be able to provide the Secretary and Commission the final report of the Working Group in the near future. At such time, we will also forward a copy to you for information.

As I stated previously, we are confident that the Working Group's final report will provide information for Commission consideration in the areas identified in your recommendations.

Sincerely,
