

U. S. NUCLEAR REGULATORY COMMISSION

Agency Information Collection Activities: Proposed Collection; Comment request

AGENCY: U. S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of pending NRC action to submit an information collection request to OMB and solicitation of public comment.

SUMMARY: The NRC is preparing a submittal to OMB for review of continued approval of information collections under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. The title of the information collection: 10 CFR Part 62 - "Criteria and Procedures for Emergency Access to non-Federal and Regional Low-level Waste Disposal Facilities"
2. Current OMB approval number: 3150-0143
3. How often the collection is required: Requests are made only when access to a non-Federal low-level waste disposal facility is denied, which

results in a threat to public health and safety and/or common defense and security.

4. Who is required or asked to report: Generators of low-level waste who are denied access to a non-Federal low-level waste facility.
5. The number of annual respondents: No requests for emergency access have been received to date. It is estimated that up to one request would be made every three years. An estimate of the number of responses: It is estimated that up to one response would be received every three years.
6. The number of hours needed annually to complete the requirement or request: It is estimated that 680 hours would be required to prepare the request, or approximately 227 hours per year.
7. Abstract: Part 62 sets out the information which will have to be provided to the NRC by any low-level waste generator seeking emergency access to an operating low-level waste disposal facility. The information is required to allow NRC to determine if denial of disposal constitutes a serious and immediate threat to public health and safety or common defense and security.

Submit, by (insert date 60 days after publication in the Federal Register), comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the burden estimate accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?
