Mr Robert G. Schaaf
Office of Nuclear Regulatory Regulation
US Nuclear Regulatory Commission
One White Flint North
11555 Rockville Pike
Rockville, MD 10852

Dear Mr Schaaf:

I am the town supervisor of the Town of Walworth, located in Wayne County, NY near the R.E Ginna nuclear power plant, owned by Rochester Gas and Electric Corp.

I am writing you in support of RG&E's application for an operating license extension. The plant has been operated safely and reliably for more than 30 years. It is a responsive neighbor to my town and county. The plant is a substantial taxpayer in my county and provides several hundred jobs.

I have confidence in the management of the plant. I believe its operating record is worthy of relicensing.

Sincerely,

A handwritten signature in cursive script that reads "Frank J. Guelli". The signature is fluid and matches the printed name below it.

Frank Guelli
