Pursuant to 10 C.F.R. §§ 2.740, 2.740b, 2.741, 2.1111, and 2.1117, and the Atomic Safety and Licensing Board's ("Board") Memorandum and Order, dated December 26, 2002, (LBP-02-25, 56 NRC ____), the Nuclear Regulatory Commission staff hereby requests that San Luis Obispo County, ("SLOC") respond to the following interrogatories, under oath, in writing, separately, in the fullest detail possible, within 10 days of the date of these interrogatories and request for production of documents. See LBP-02-25, slip op. at 10 establishing the response time. Responses should be sent to Stephen H. Lewis, Esq. and Angela B. Coggins, Esq., U.S. Nuclear Regulatory Commission, Office of the General Counsel, Mail Stop: O-15D21, Washington, D.C. 20555. In accordance with LBP-02-25, slip op. at 10, please also provide your answers electronically to the above-named counsel, at the e-mail addresses for each previously identified in this proceeding.

DEFINITION

"Identify" when used in reference to a person means to set forth the following: his or her name; present or last known business address and telephone number; employer; and title or position.

The word "document" as used herein shall mean any written matter, whether produced, reproduced or stored on paper, disks charts, computer storage devices or any other medium and shall include, without limitation, matter in the form of books, reports, studies, statements, speeches, notebooks, agreements, working papers, memoranda, notes, procedures, orders, records, correspondence, diaries, plans, periodicals, lists, telephone logs, minutes, and any published materials and shall also include, without limitation, originals (with or without notes or changes thereon) and drafts.

INSTRUCTIONS

1. To the extent that you do not have specific, complete and accurate information with which to answer any interrogatory, you should so state, and the interrogatory should be answered to the extent the information is available, identifying each person who is believed to have accurate information with respect thereto.
2. If privilege is claimed as a ground for not answering the interrogatory or if the interrogatory is otherwise objected to in whole or in part, describe the legal and/or factual basis for the claim of privilege or other objection to the interrogatory or interrogatory part in sufficient detail so as to permit the Board to adjudicate the validity of the claim or objection.
3. If an interrogatory is not answered in full, please state the reasons for not answering, describe the steps taken to secure complete information, and detail the information which is available to SLOC regarding the unanswered portions.
4. For each response, identify the name, title or position, and employer of the person or persons answering.

INTERROGATORIES

INTERROGATORY 1

San Luis Obispo Mothers for Peace, *et al.*, (“SLOMFP”) Contention TC-2 asserts that: “PG&E has failed to demonstrate that it meets the financial qualifications requirements of 10 C.F.R. § 72.22(e).” *Footnote omitted.* Section 72.22(e) requires, in part that the application:

must show that the applicant either possesses the necessary funds, or that the applicant has reasonable assurance of obtaining the necessary funds, or that by a combination of the two, the applicant will have the necessary funds available to cover the following: (1) Estimated construction costs; (2) Estimated operating costs over the planned life of the ISFSI; and (3) Estimated decommissioning costs, and the necessary financial arrangements to provide reasonable assurance before licensing, that decommissioning will be carried out after the removal of spent fuel, high-level radioactive waste, and/or reactor-related GTCC [Greater Than Class C] waste from storage.

Does SLOC intend to participate in the oral argument in this proceeding, pursuant to 10 C.F.R. § 2.1113, by filing:

A detailed written summary of all the facts, data, and arguments, which are known to the party at such time and on which the party proposes to rely at the oral argument...[and] all supporting facts and data in the form of sworn written testimony or other sworn written submission.

INTERROGATORY 2

If the answer to Interrogatory 1 is in the affirmative, please respond to the following three sub-parts of this interrogatory and provide in your response to A., B., and C., below, references to the pages of the ISFSI application, as supplemented by PG&E’s letter to the NRC, dated June 7, 2002, identified as PG&E Letter DIL-02-008 and bearing in its title line “Supplemental General and Financial Information - 10 C.F.R. 72.22,” that demonstrate this failure.

A. In what specific respects does SLOC contend that PG&E has failed to provide reasonable assurance that it will be able to fund, in the manner specified in 10 C.F.R. § 72.22(e), the estimated construction costs of the proposed ISFSI?

B. In what specific respects does SLOC contend that PG&E has failed to provide reasonable assurance that it will be able to fund, in the manner specified in 10 C.F.R. § 72.22(e), the estimated operating costs over the planned life of the ISFSI?

C. In what specific respects does SLOC contend that PG&E has failed to provide in its ISFSI application: "Estimated decommissioning costs, and the necessary financial arrangements to provide reasonable assurance before licensing, that decommissioning will be carried out after the removal of spent fuel, high-level radioactive waste, and/or reactor-related GTCC waste from storage?"

INTERROGATORY 3

Please identify, and provide a statement of professional qualifications for, the SLOC, expert(s) who will provide, in accordance with 10 C.F.R. § 2.1113(a), "all supporting facts and data in the form of sworn written testimony or other sworn written submission," in support of Contention TC-2.

REQUEST FOR PRODUCTION OF DOCUMENTS

For each interrogatory, identify all documents on which SLOC relies in support of its answer thereto. Please either provide with your response a copy of each such document or indicate where and from whom it can be obtained.

Respectfully submitted,

/RA/
