a change in Part 52 is proposed to address COL testing.

NEI to  
complete white paper  
in August. Will send to NRC  
June 15. NRC - late August  
to publish

DOE experience c fuel spheres  
 need to consider lead time for transportation  
 in 72-goes through a rule making process lead time  
 Don't want transportation to become critical path  
 generically address potential for transportation  
 spent or new.
