

February 19, 2003

Mr. James F. Gleason
Chairman, GLS Enterprises, Inc.
1819 Cross Creek Road
Huntsville, AL 35802-3972

SUBJECT: RESPONSE TO DECEMBER 3, 2002, LETTER

Dear Mr. Gleason:

This is in response to your letter, dated December 3, 2002, to the U.S. Nuclear Regulatory Commission's (NRC) Division of Contracts and Property Management, enclosing an "Unsolicited Proposal to Evaluate Multi-Use Defense to Enhance Nuclear Facility Security at Seaside Access Points." I have been asked to respond to your letter.

The NRC is responsible for setting the regulatory standards for the commercial nuclear industry in areas such as safety and security. The commercial entities licensed to conduct activities regulated by the NRC are responsible for providing the security to comply with the requirements set by NRC. Therefore, NRC's regulatory responsibilities do not allow for endorsement of products or services to its licensees. However, we recognize the innovative and thoughtful approach in your proposal for enhancing maritime security. You may contact specific nuclear licensees to discuss your product(s) or the Nuclear Energy Institute (NEI) which represents the nuclear power industry. NEI can be reached at:

Nuclear Energy Institute
1776 I Street, NW, Suite 400
Washington, DC 20006-3708

Sincerely,

/RA by Michael F. Weber for/

Roy P. Zimmerman, Director
Office of Nuclear Security and Incident Response
