The Honorable Li Ganjie
Director General
National Nuclear Safety Administration
115 Xizhimennei Nanxiaojie
China

Dear Honorable Li Ganjie:

It is our pleasure to invite you to participate as a panel member for the international session at the U.S. Nuclear Regulatory Commission's (NRC) 15th Annual Regulatory Information Conference (RIC) sponsored by the Office of Nuclear Reactor Regulation. The conference will be held April 16, 17, and 18, 2003 at the Capital Hilton Hotel, 16th and K Streets NW, Washington, D.C.

The session is entitled "International Issues and Perspectives," and the theme of the session is "Regulatory Challenges: Unique Approaches." As a panel member, we would ask you to comment on the most important regulatory challenge you presently face, and your approach to addressing it, during a 10-minute presentation. The RIC presents an opportunity for managers from the NRC, its regulated utilities and other interested stakeholders to communicate directly regarding safety initiatives and regulatory issues. Your presentation, and the presentations of other panel members will help stimulate questions and comments from the other session participants.

We hope that you are able to accept this invitation and join the panel. If you have any questions or need further information, please contact Dr. Michael Cullingford on 301-415-1276 or via E-mail: mcc@nrc.gov.

We look forward to meeting you again.

Sincerely,

/RA/

Samuel J. Collins, Director
Office of Nuclear Reactor Regulation
