Nuclear Regulatory Commission  
11555 Rockville Pike  
Rockville, MD 20852-2738  
Attn : Document Control Desk

SUBJECT: Notification of personnel change.

Dear Sir,

Elgar Corporation maintains a Part 50, Appendix B program to support Class 1E inverters, UPS's and power line conditioners installed at various nuclear sites. In order to comply with regulations requiring notification of any material change in our program, please accept this letter as Elgar's formal notification that a change in personnel has occurred. Elgar's former Responsible Officer Mr. Raymond D. Daniel is no longer with the company and has been replaced by Mr. Daniel E. Donati who is a corporate vice president. Some support personnel involved in Elgar's nuclear program have been assigned additional tasks but still retain responsibility for their duties in the nuclear program. If there are any questions, or if any additional information is needed, please feel free to call me at (858) 458-0203.

Thank you for your assistance,

Sincerely,

Joseph Budano  
President and CEO
