**SUSQUEHANNA STEAM ELECTRIC STATION
RESPONSE TO THE JANUARY 7, 2003 NRC
ORDER MODIFYING LICENSES EA-02-261
PLA-5584**

Docket No. 50-387
and 50-388

1. Letter, Samuel J. Collins (USNRC) to Michael H. Crowthers (PPL), "Issuance of Order for Compensatory Measures Related to Access Authorization", dated January 7, 2003.
2. PLA-5512, B.L. Shriver (PPL) to S.J. Collins, "Final Response to the February 25, 2002 NRC Order Modifying Licenses EA-02-026", dated August 30, 2002.

The purpose of this letter is to submit to the Commission the PPL Susquehanna, LLC (PPL) 20-day response required by Reference 1.

As noted in Reference 1, PPL has voluntarily and responsibly taken actions to implement additional security measures following the events of September 11, 2001. These actions have been taken in order to provide further assurance that the public health and safety and common defense and security are adequately protected in the current generalized high-level threat environment. PPL has implemented the objectives of the February 25, 2002 NRC Order Modifying Licenses EA-02-026 as described in Reference 2 and maintains the effectiveness of security measures taken in response to the events of September 11, 2001.

Recognizing the need for the supplemental provisions described in Reference 1, PPL has taken aggressive action. The PPL completion schedule for those provisions in Reference 1 is provided in Attachment 1 to this letter. PPL's response is based upon the guidance provided in Enclosure 4 of Reference 1.

PPL has determined implementation of the applicable requirements would not cause violation of Commission regulations or of the PPL Susquehanna, LLC Unit 1 and Unit 2 operating licenses. PPL has determined that implementation of the requirements will not adversely impact safe operation of the Susquehanna Steam Electric Station.

SAFEGUARDS INFORMATION

WHEN SEPARATED FROM ATTACHMENT 1, HANDLE THIS DOCUMENT AS DECONTROLLED

*IE53

In accordance with Condition C.2 of the Order, PPL will report to the Commission when it has achieved full compliance with the requirements described in Attachment 2 of Reference 1.

If you have any questions on this submittal, please contact Mr. J. J. Meter at (570) 542-1873.

Sincerely,

A handwritten signature in black ink that reads "Bryce L. Shriver". The signature is written in a cursive style with a large initial "B" and "S".
