SUBJECT: Response to Commission Order to Modify License for Compensatory Measures Related to Access Authorization

In accordance with 10 CFR 50.4, Omaha Public Power District (OPPD) hereby submits information in response to the Order for Compensatory Measures Related to Access Authorization (hereinafter "Order") issued by the United States Nuclear Regulatory Commission ("NRC") on January 7, 2003.

Pursuant to the requirements of 10 CFR 2.202(a)(2), the Answer to the Order is being transmitted to the NRC under separate cover.

OPPD has begun implementation of the requirements of Attachment 2 of Reference 2. OPPD plans to complete implementation no later than July 7, 2003, with the exception of compensatory measure (CM) B.1.1 which OPPD plans to implement no later than April 7, 2003, and CM C.1.6 and C.1.8 which OPPD plans to implement no later than January 7, 2004. This schedule is consistent with the requirements of Reference 2.

With reference to CM B.1.3(c), OPPD plans to confirm employment eligibility for new employees to the extent possible using the currently available methods, which may include the confirmation of Social Security Numbers during the investigation of other program elements such as a credit check, as well as the completion of U. S. Immigration and Naturalization Service (INS) Form I-9. OPPD plans to rely upon the I-9 process as implemented by contractors/vendors to ensure contractor/vendor employment eligibility and OPPD plans to remind contractors/vendors to utilize the I-9 process. OPPD will pursue other options which may become available through other government agencies, including INS.
