SUBJECT: RESPONSE TO LOUISIANA ENERGY SERVICES REQUEST FOR
CLASSIFIED INFORMATION STORAGE FACILITY CLEARANCE

Dear Mr. Krich:

On October 31, 2002 you submitted to us a request for a U.S. Nuclear Regulatory Commission (NRC) classified information storage facility clearance for your contractor offices at the Lockwood Greene facility in Spartanburg, South Carolina. A Standard Practice Procedures Plan for the facility was enclosed along with your request. On December 17, 2002, we provided you with comments on the Plan, and we received your response with the revised Standard Practice Procedures Plan on January 8, 2003.

NRC has completed its final review of your application in accordance with the regulations in 10 CFR Part 95, "Facility Security Clearance and Safeguarding of National Security Information and Restricted Data," and NRC guidance document "Standard Practice Procedures Plan - Standard Format and Content for the Protection of Classified Matter for NRC Licensee, Certificate Holder, and Others Regulated by the Commission," dated October 1999. On the basis of our review, NRC hereby grants the Lockwood Greene facility an interim facility clearance at the SECRET-National Security Information level.

Please note that a final facility clearance will be based on an onsite inspection of the Lockwood Greene facility conducted by NRC staff in the near future. If you have any questions, please contact Timothy C. Johnson at 301-415-7299.

Sincerely,

/RA/
