Mr. Charles E. MacDonald, Chief  
Transportation Branch  
Division of Safeguards and Transportation, NMSS  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Re: Response to your letter dated February 1, 1991, requesting additional information for the renewal of Certificate of Compliance No. 6574

Mr. MacDonald:

This refers to your letter dated February 1, 1991, requesting additional information for your review of the renewal of Certificate of Compliance No. 6574 for the Model No. HN-200 (3-82B) package.

We have revised the operating procedures in Section 7.0 of the Safety Analysis Report for the 3-82B cask to include provisions for complying with Section 6 of the Certificate of Compliance. Enclosed are eight copies of the revised Safety Analysis Report for replacement of the eight copies sent with our renewal application.

We again respectfully request a 60-day period following the issue of the revised Certificate of Compliance to allow incorporation of the hardware and nameplate changes associated with this submittal. We request that this period be made a part of the Certificate of Compliance such that your intentions are clear to the users.
