Dear Mr. Bailey:

I would like to express my sincere appreciation to Barbara Hamrick, of your staff, for her participation and presentations during the January 14 - 15, 2003 Integrated Materials Performance Evaluation Program (IMPEP) annual training. The class consisted of 31 new IMPEP team members on January 14 and 74 IMPEP team members, of which 19 were Agreement State staff, for the refresher portion of the training on January 15. Her presentations, professionalism, IMPEP experience and State perspective greatly benefitted both NRC and State IMPEP team members. From the comments received, the training was considered outstanding by the participants. Please accept the gratitude of the participants and myself for her contribution to IMPEP training.

Sincerely
