Subject: Request for Guidance for File Review and/or Initial Survey of the
Formerly Terminated NRC Licensed Sites Grant Program, Grant #NRC-
06-01-303

Dear Ms. Stewart:

During the site visits to formerly licensed sites, it was discovered that some sites has had major construction activities since the address held an Atomic Energy Commission (AEC) license. Specifically, strip malls and office buildings now occupy some of the sites. What policy or guidance does the NRC request the State of California use to evaluate these locations?

Please contact Mr. Jerry Hensley at 916-323-4555 if you have any questions.

Sincerely,

Edgar D. Bailey, CHP, Chief
Radiologic Health Branch
