FeeCategory_Description:

Expedite_ImminentThreatText:

Expedite_UrgencyToInformText:

Waiver_Purpose: Performing a records search for the FAA. The FAA would determine whether possible impacts would occur from using the proposed target property for a new radar, however if significant impacts would occur from Immuna Care Corporation, the FAA would consider not using the target property.

Waiver_ExtentToExtractAnalyze: Information will be used in Due Dilligence Report for the FAA, on potential hazardous sites within a two mile radius of the the target property the FAA is interested in using for new radar site.

Waiver_SpecificActivityQuals: The FAA is planning to upgrade anitquated radars throughout the United States. This specific radar site is located in Northampton County. SRI International is contracted by the FAA to perform Due Dilligence Reports for potential radar sites throughout the United States. This facility record would be included in the Due Dilligence Report to reflect possible impacts from Immuna Care Corporation.

Waiver_ImpactPublicUnderstanding:

Waiver_NatureOfPublic:

Waiver_MeansOfDissemination: The FAA would review the Environmental Due Dilligence Report and determine whether any adverse effects would result from the installation and construction of the proposed new radar at the taget property. This information would assist the FAA in determining whether any remedial actions need to be taken prior to construction. The FAA will let the general public view the Environmental Assessment for a 30 day comment period, which would include a section of hazardous wastes.

Waiver_FreeToPublicOrFee: Free of charge and would be allowed for screening at a public library and would be notified via ads in newspapers.
