Re: Certificate of Compliance USA/9102/B()

VIA FAX: (301) 415-8555 *** Original will be sent via U.P.S. Next Day Air ***

Dear Mr. Chappell:

This is to request that the Certificate of Compliance USA/9102/B() be renewed for the maximum renewal period.

Since the Certificate was originally issued in 1977, Neutron has made in this type of source shipping/transfer package approximately 3500 shipments containing approximately 450 PBq (12 million curies) without any problems.

We have reviewed the Certificate and referenced Operating Procedure, and Acceptance and Maintenance Program and we have no changes at this time.

If there are any questions or problems, or if there is anything further that we should do for the renewal of the certificate, please let us know.

Sincerely,

NEUTRON PRODUCTS, INC.

Marvin M. Turkanis
Vice President
