The Honorable Brad Sherman
Member, United States
House of Representatives
24th District, California
San Fernando Valley Office
5000 Van Nuys Blvd., Suite 420
Sherman Oaks, CA 91403-1791

Dear Congressman Sherman:

This is in response to your letter dated January 28, 2003, regarding your constituent, John L. Boyer, Jr. of Reseda, California. Mr. Boyer wrote to you regarding questions about his potential occupational exposure to radiation at a Rocketdyne facility located in California. This facility is a Department of Energy (DOE) site and is not a Nuclear Regulatory Commission (NRC) licensee.

The NRC's Radiation Exposure Information and Reporting System (REIRS) contains records of radiation exposure monitoring requiring submittal to the NRC by certain categories of NRC licensees. We conducted a search of our REIRS system and, as expected, found that it does not contain any records for Mr. Boyer. The DOE also has a radiation exposure database, the Radiation Exposure Monitoring System (REMS). We conducted a similar search of the REMS database which also produced no records for Mr. Boyer. However, the REMS system only contains records of radiation exposures obtained after 1987. If you have any questions about the REMS database, please contact Derek Hagemeyer, the contractor who maintains the database for DOE. Mr. Hagemeyer can be reached at (865) 481-2330. For DOE records prior to 1987 it is necessary for Mr. Boyer to contact the site directly. The contact for this site is:
